

Looking at you is like looking at the sun

Looking at you is like looking at the sun
My heart beats faster when we are kissin'
Looking at you, it's a beautiful day for falling in love
It's a beautiful day let's fall in love

I've been listening to you all day and to everything you say
But I don't remember a word of what you said
Your voice is so beautiful I forget (repeat)

Looking at you...

I want to record your voice on tape so that I can listen again and again
You could write the song and I could press play
'casue I love you and everything you say (repeat)

Looking at you...

It's a beautiful day let's fall in love

Looking at you...

It's a beautiful day let's fall in love
It's a beautiful day let's fall in love
It's a beautiful day let's fall in love
